ASSOCIATE DEAN

Texas Tech University Health Sciences Center is accepting applications for the position of Associate Dean and Assistant to the President for Health Affairs for the University's Regional Academic Health Center in El Paso, Texas. The Texas Tech University Health Sciences Center is a multi-campus regionalized medical school with the El Paso Regional Academic Health Center being one of four campuses. The Associate Dean and Assistant to the President for Health Affairs serves as the Chief Administrative Officer and Academic Head of the Regional Academic Health Center. The successful candidate will thus have extensive responsibility in the directing of undergraduate and graduate medical education programs. The position requires a strong administrative background as the office is responsible for the overall management of the Regional Academic Health Center including fiscal operations. The Associate Dean must be able to effectively represent the Health Sciences Center to the community in general and to medical organizations and teaching hospitals in particular. It is expected that the successful candidate would possess the academic background to qualify for an appointment in the rank of professor in the candidate's clinical department. Applications will be accepted until December 30, 1980. Please forward curriculum vitae and/or letters of inquiry to
